George/Martin			65 (8 across)
George/Martin/Stimpson			100 (8 across)

Our feedback

The rooms were clean and well presented with effective IT facilities and all the equipment we needed. Good refreshments were provided and we were welcomed into the building and taken to the appropriate room by friendly reception staff

Psychology4Learning

Their well-equipped, spacious, and impeccably maintained training rooms create a comfortable and effective learning environment. The addition of a convenient refreshment area complete with a variety of snacks and beverages, enhances the overall experience, providing a space for relaxation and reflection during breaks.

What truly sets EMAT HUB apart is their incredibly helpful and friendly staff, always willing to assist with technical setup and any last-minute requests. We will be using their facilities in the future

About Safeguarding

I found the venue to be very accessible. The room was comfortable; warm with plenty of natural light. The horseshoe seating layout worked well and enabled the audience to view the screen and communicate with each other. Flipchart paper and pens were provided for activities. I would definitely recommend this venue for meetings and training

Psychology4Learning

I recently used the Training hub to deliver some training on behaviour management. I found the whole experience of using the Hub excellent.

The facilities are first class and I had access to wide range of resources to support the training day

Jogo Behaviour Support
